

Thompson Chain Bible Notice

We are facing an indefinite shortage of the *Thompson Chain Reference Bible*, published by the Kirkbride Bible Company. There is no in-stock date at this time.

The handy size 531 and 536 (plain and thumb-indexed) and the larger size 506 and 561 (plain and thumb-indexed) are **out of stock**.

The larger edition, *Standard Size* (model 510) is still in stock as follows:

510 regular	in stock
510 index	in stock

Brides may consider Bibles from Cambridge as alternatives. Descriptions are on the next page. Pricing is in our catalogue. Contact us for the most current pricing.

Wedding Bible Options

The *Thompson Chain Reference* Bible has been the most popular choice of brides for many years. There are two sizes – a slightly smaller *Handy-size* and the larger *Standard-size*. Both Bibles have the same content – the only difference is size. All Bibles are available with thumb-index. Each Bible is attractive in its own way – it is a matter of personal preference concerning the look and feel of the leather.

All Thompson Chain Bible covers are genuine leather; even though the finishes are different and the prices vary, the overall quality and durability is comparable. The covers can be described as follows:

Handy-Size Thompson Chain

536 (out of stock)

Capri grain. A genuine leather with a natural leather-grain finish. It tends to have a varied grain and could be compared to a wood-grain finish. (Though not as soft as the 531, below, this is still a good quality leather.)

531 (out of stock)

Cromwell Montana Cowhide. Premium genuine leather with a softer feel than the 536.

Standard-Size Thompson Chain

506 (out of stock)

Capri grain. The same leather finish as the 536, described above.

510

Levant grain. This leather exhibits a coarser finish – like snake-skin.

561 (out of stock)

Cromwell Montana Cowhide. Premium genuine leather with a softer feel than the 506 and 510.

Cambridge Bibles

Cambridge KJ566:XR

Concord Reference Bible with a goatskin cover. This Bible does not have the *Thompson Chain* references; although it does feature standard center-references and a nice concordance. The *Thompson Chain* is more of a study Bible. The goatskin cover is ultra-soft and durable. Page size is 5 ½ x 8 ¼; thickness is 1 ¼ inches.

Cambridge KJ564:XR

Same as above with a Calf-split leather cover. Quality genuine leather. Not as soft as the goatskin and with a different texture. Page size is 5 ½ x 8 ¼; thickness is 1 ¼ inches.

Cambridge KJ456:XR

The Cameo Bible is a high-quality Bible. The print is clear and readable, and the size is handy. Page size is 4 11/16 x 6 15/16 in; thickness is 1 ¼ in. This KJ456 model is black goatskin genuine leather. (This is a comfortable take-to-church size.)

Suggestions and options for Bible Imprints

Attached is a sample type sheet showing the different fonts available from Gospel Publishers.

We can use a smaller type for any message on the inside cover (also known as the flyleaf), and a larger type for the name on the cover. With this in mind, the Goudy font is the only one we have available in two type sizes. However, you may choose one of the other fonts if you don't mind having the same size inside and outside. We offer the option of silver font as well as gold; however, it is best to match colours with the other imprinting already on the Bible.

Our imprint machine allows a maximum of 3 lines inside – 1 at the top and 2 at the bottom. If choosing three lines the date is usually at the top, with a short message and the bride's name at the bottom. (If you've seen longer messages, they have not come from Gospel Publishers.)

For example:

June 25, 2020

With all my love,
Melissa

Other possibilities include:

On our wedding day...
With all my love, Melissa

Love makes all hearts gentle,
With all my love, Melissa

All my love forever,
On our wedding day, Melissa
